About this notice

This Notice will tell you about the ways we may use and disclose health information that identifies you ("Health Information"). We also describe your rights and certain obligations we have regarding the use and disclosure of Health Information. We are required by law to maintain the privacy of Health Information that identifies you; give you this Notice of our legal duties and privacy practices with respect to your Health Information; and follow the terms of our Notice that are currently in effect. This Notice covers the physician and clinical support staff of Vincent Vein Center. If Vincent Vein Center physicians or health care professionals provide you with treatment or services at another location, for example Saint Mary's Hospital, the Notice of Privacy Practices you receive at such other location will apply.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following categories describe different ways that we may use and disclose Health Information.

For Treatment

We may use Health Information about you to provide you with medical treatment or services. We may disclose Health Information to doctors, nurses, technicians, medical students, or other personnel who are involved in taking care of you. For example, a doctor treating your legs may need to know if you have diabetes, because diabetes may slow the healing process. Different departments of Vincent Vein Center also may share Health Information such as prescriptions, lab work and x-rays to coordinate your treatment. We also may disclose Health Information to people outside Vincent Vein Center who may be involved in your medical care.

For Payment

We may use and disclose Health Information so that we may bill for treatment and services you receive at Vincent Vein Center and can collect payment from you, an insurance company or another third party. For example, we may need to give your health plan information about your treatment in order for your health plan to pay for such treatment. We also may tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment. In the event a bill is overdue we may need to give Health Information to a collection agency as necessary to help collect the bill or may disclose an outstanding debt to credit reporting agencies.

For Health Care Operations

We may use and disclose Health Information for health care operations purposes. These uses and disclosures are necessary to make sure that all of our patients receive quality care and for our operation and management purposes. For example, we may use Health Information to review the treatment and services you receive to check on the performance of our staff in caring for you. We also may disclose information to doctors, nurses, technicians, medical students, and other personnel for educational and learning purposes. The entities and individuals covered by this Notice also may share information with each other for purposes of our joint health care operations.

Appointment Reminders/Treatment Alternatives/Health-Related Benefits and Services

We may use and disclose Health Information to contact you to remind you that you have an appointment for treatment or medical care, or to contact you to tell you about possible treatment options or alternatives or health related benefits and services that may be of interest to you.

Individuals Involved in Your Care or Payment for Your Care

We may release Health Information to a person who is involved in your medical care or helps pay for your care, such as a family member or friend. We also may notify your family about your location or general condition or disclose such information to an entity assisting in a disaster relief effort.

We will disclose medical information about you when required to do so by international, federal, state or local law.

To Avert a Serious Threat to Health or Safety

Business Associates

If you are involved in a lawsuit or a dispute, we may disclose Health Information in response to a court or administrative order. We also may disclose Health Information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
